

The **Council of Administrators and Supervisors (CAS)** is the largest professional organization of school administrators and supervisors on Long Island with over 1400 members. For over half of a century, CAS has vigorously protected the legal rights and served the professional interests of school leaders on Long Island.

President's Message

The role of the school administrator is a challenging one. CAS recognizes the inherent complexities of the job, and is therefore committed to supporting its members in meeting ever evolving changes. The CAS Leadership Institute was developed to provide cost-effective, quality professional development opportunities for our members delivered by leaders in the field. Each workshop is offered to meet the unique needs of public school administrators. CAS understands what it takes to be an effective leader and works to provide you with the support you need to achieve your goals.

CAS is approved by NYSED to provide CTLE credit hours for administrators successfully completing the courses offered. Additional workshops and programs will be scheduled throughout the school year and communicated to members through email blasts and www.casliny.com.

If you have suggestions for additional workshops, please contact our office.

Sincerely,

Albert "Skip" Voorneveld

CAS Spring Conference

The annual CAS Spring Conference will be held in March 2018. Additional information will be shared by email once the program is finalized.

School Safety: 2018

In order to protect students and staff, knowledge of their school safety and security procedures is one of a leader's primary responsibilities. To that end, it is imperative that administrators review their district's school safety plans and the associated state laws, regulations and guidelines that shape them. Participants will explore current violence prevention strategies and lessons learned from scenarios that have occurred in schools across the nation. Attendees will leave with an outline of steps they can take to enhance their safety plans and better address incidents that may arise in their schools.

Leveraging Social Media and Digital Tools to Deepen Networking and Students' Stories

Technology use is a growing need for today's administrator. As a leader, you have access to tools that can assist you personally and professionally. This workshop will explore the variety of tools that you can use to connect with leaders across the nation and promote the activities taking place throughout your building. Digital media tools like Storify and FlipGrid, along with social media tools like Twitter and Instagram will be discussed.
